

# St. Elizabeth School

## Back-to-school Guidelines

### DROP-OFF

Each morning all students and staff member temperatures will be taken before they are admitted into the building. If a person's temperature is 100.4 or higher, they will not be permitted back into the building until they have been fever-free for 72 hours, per CDC guidelines.

### CLEANING

To ensure a safe working and playing environment disinfecting will take place regularly throughout the day, and additional deeper cleanings will take place at the end of each day.

### CLASS SIZE & SPACING

We are making special efforts to arrange classes and adjust schedules to limit cross-contamination of common areas and supplies when possible.
